22nd April, 1918.

Dear Sir,

S. I beg to acknowledge the receipt of your letter of the 5th instant, respecting the survey of your steamer "JANVOLD" at New York, and in reply to your enquiry I have to explain that as regards the hull of this vessel in order to complete the Special Survey No. 3 the chain cables require to be ranged, the chain locker examined and the hand pumps to be tested. As soon as these requirements are reported by the Society's Surveyors to have been satisfactorily carried out, the case will receive the Committee's consideration with a view to a Certificate being issued.

I am, Dear Sir,

Yours faithfully,

Secretary.

Johs. Larsen, Esq.,
