

Submitted the attention of the Glasgow  
and Greenock Surveys should be called to the  
unnecessary  
delay which has taken place in forwarding their  
frisch entry reports of this vessel, resulting in  
considerable inconvenience to the owners  
in registering the vessel under the Dutch  
Flag. They should in future cases forward  
their frisch entry reports within a day or two  
of the completion of the vessel and take special  
care to promptly forward these reports in the cases  
of new vessels built for foreign owners.
