12th December, 1912.

Dear Sir,

With reference to the classification in this Society's Register Book of your steamer "ENZIE" I beg to remind you that the screw shaft of this vessel has not been drawn in for examination by the Society's Surveyors since she was built in June 1908 and as the Society's Rules require this to be done at intervals of not more than two years I shall be obliged if you will kindly let me know for the information of the Committee when and at what port you propose complying with this requirement.

At the same time I shall be glad to learn your intentions in regard to the Special Survey No.1 which became due on this vessel at the end of June last.

I am, Dear Sir,

Yours faithfully,

Secretary.

James Hendry Esq.,

3, West High Street,

PORT GORDON, Banff.
