+ Mr. P. C. Pitt
to note. D. J. M.
26/6/68

It is submitted that Mr. Larpin be requested to ascertain from the owners when the new weigh shaft & brasses have been fitted & whether they are satisfactory

Dr :- 26/6/68

It is also submitted that the Glasgow Surveyors be informed that the Aberdeen Surveyors confirm the statement in Mr. Hollison's letter that the shafting was not correctly aligned. The Surveyors should urge upon the makers of these small engines the importance of accuracy of adjustment of the various parts
