Collingwood Buildings, Newcastle-on-Tyne.

29<sup>th</sup> July 1915S. S. Glenravel.

The Secretary,

London.

Sir.

Referring to my report (No. 67761) on the above vessel & the damage repairs & Special Survey No. 2 recently carried out at this port, I beg to state that since forwarding my report, the owners have intimated the desire that the vessel should have the record in the Register Book of S. S. Shl. No. 3.7.15.

On close examination of the case I find that all the requirements of the Special Survey were carried out & the lining in way of the side-lights was removed for inspection & sealing.

In view of the extensive nature of the opening out & the repairs, I wish to recommend the owners' proposal for the Committee's favourable consideration.

In the event of the matter being agreed to, the owners have agreed to pay extra
