24th August, 1917.

Dear Sirs,

S. With reference to the classification in this Society's Register Book of your steamer "HAREWOOD" I beg to acquaint you that the Committee have had before them a report received from the Society's Surveyor at Malta, of a survey held consequent upon damage sustained to the counter poop side plating, frames, beams, etc., through collision.

The Surveyor reports that the vessel proceeded to her loading port where it is recommended repairs should be carried out, and I shall be pleased to learn what arrangements you propose making for this to be done.

I am, Dear Sirs,

Yours faithfully,

Secretary.
