Sir

S/S. "FULFORD"

With reference to the Superintendent's letter of y'day's date regarding the damaged bottom plating (See Rpts 70151 & 70650) I beg to state that the vessel drydocked late yesterday afternoon & undocked at 5 am. this morning. I had no knowledge that the vessel was drydocking at this time & the Superintendent's letter was received after the vessel had been undocked.

The bottom is reported to be in an efficient condition.

The owner's proposal to defer the permanent repairs in my opinion, merits the favourable consideration of the Committee.

I am, Sir

Your obedient servant  
W. R. Ashmole
