ENCLOSURE.
Under separate cover.

15th June, 1937.

Dear Sirs,

M.

With reference to your cablegram of the 8th instant and subsequent cablegrams and letters which have passed between us regarding a proposal by the Owners of the S.S. "TERJE VIKEN" to adapt No. 2 hold, at present a cargo compartment, for the carriage of fuel oil having a flash point above 150° F., I now enclose a copy of a plan, which has been prepared in this Office, shewing the additions required to the structure on this account.

With regard to the Owners' request to be provided with copies of the plans of the bulkheads in No. 2 hold, I have to state that no detailed plans shewing the vessel at this part are available in this Office.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
OSLO.
