Reference

Dear Sir,

The owners of the floating factory "TERJE VIKEN" have under consideration to alter the steam inlet and outlet and to place studs as shown in red on the enclosed plan, welded to the shell of the apparatus. The welding is proposed only from the outside to omit the removal of the internal arrangement of the apparatus.

We shall be glad to be informed whether the fitting of the studs may be approved as proposed.

We are, Dear Sir,

Yours faithfully

*Terje Viken*
