Medical Surveys, when held, must be reported in detail and serially in the terms of the Rules. State clearly the nature of Repairs, if any, and, in detail, the nature and extent of Examinations and subsequent repairs. Repairs account of Damage (the cause of which must be stated) should be separated from Repairs due to other causes; besides being detailed in the body of the report, should be summarised in the form shown below. Whenever the placement of Anchors or Chains is reported, the particulars should be clearly stated in the space provided on back of this form. State also the dates and initials of any letters respecting this case.

In cases where the Surveyor has not made a special damage report he is required to state whether he offered his services for this purpose and why they were declined? Was a damage report made by anyone else? If so, by whom?

AIRCRAFT, OR EXAMINATION AS PER RULE, FOR **After grounding, in the Docks on 23rd August 1915,**  
**and in river Humber (off Lunningham) on 25th August 1915.**

Now Done:— On discharging cargo an internal examination made, and as far as could be seen, vessel found in order, no evidence of damage or straining being found.

An Interim Certificate has been issued, copy of which is find attached hereto.

## TABLE OF DAMAGE REPAIRS:—

| Plating .....                                  |  | Standing & Running Rigging .....      |

## General Observations, Opinion as to Class, Recommendation, &amp;c.:—

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus for example:— "to remain as now classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of survey, 1,15," or "to remain as classed and to have record of survey, 1,15, and the notations of ss No. 1-15 and ptND15, &amp;c."

This vessel is eligible, in my opinion, to remain as classed, without the record of Survey, subject to her being placed in dry dock on return to United Kingdom from present voyage.
