Lloyd's Register of British & Foreign Shipping,

71, Fenchurch Street, E.C.

15th January, 1914.

Gentlemen,

I have to acquaint you that it appears from a First Entry Report received from the Society's Surveyors at Leith that the S.S. "EMPION" built by Messrs. Mackay Brothers, has proceeded to your port for her machinery to be fitted.

To complete the survey on the hull the following remains to be done :- engine and boiler casing to be riveted ; boiler checks to rivet ; forward weather deck in way of freight hold to be flooded and examined, and hand pumps to test.

I shall be glad if you will be so good as to give the case the necessary attention, and on completion of the work forward a report on form 8 in the usual manner for the information of the Committee with a view to the classification of the vessel.

I am, Gentlemen,

Your obedient servant,

The Surveyors,
SUNDERLAND.

Secretary.
