H. Dear Sirs,

I am in receipt of your letter of yesterday's date respecting the Steamer "CAMBRIC" and in reply I am of the time directed to acquaint you that in view/which has elapsed since the Special Survey No. 2 was partly held on this Vessel she should now be generally examined in addition to the completion of the Special Periodical Survey in question.

I may further say that the Boiler Survey requires to be held and the Screw Shaft drawn for inspection.

At the same time, you will be good enough to draw the Owners' attention to the fact that the Vessel still became due for Special Survey No. 3 in March 1918, and that if they desire, this Survey may be completely held now.

I am, Dear Sirs,
The Surveyors,
Yours faithfully,

HULL.

Secretary.
