

TONNAGE  
GROSS

NEW YORK,

March 14, 1917.

JOHN F. ROBSON,

the Owners' Agents survey the steel screw steamer "CHORLEY"  
3828 tons gross register of London, for the purpose of ascertain-  
ing the nature and extent of damage stated to have been sustained  
through the vessel grounding at the entrance to the River Gironde  
on the 27th of December 1916, on a voyage to Bordeaux.

For further particulars please see Log Books.

On the 14th of February 1917, and subsequent dates the  
vessel lying on Messrs. Robins Dry Dock, Erie Basin, Brooklyn,  
N. Y. the undersigned upon examination found:-
