Ocean Chambers, Lowgate,

Hull, 14th. July, 1916.

REGISTER
LONDON.

REC'D JUL 15 1916

AN82

Dear Sir,

With reference to your letter of the 13th. instant, regarding the Steamer "BRITANNIC", the owners state that this vessel is not now on Government Service.

She recently arrived in the Tyne, and a number of firms were approached with a view to forwarding the No. 3 Survey but, no one would undertake the work at this time.

I have been in communication with the Owners' Superintendent who states that on the vessel's return from her present voyage an opportunity will be afforded for a general examination of the vessel if the survey cannot then be carried out.

I am, Dear Sir,

Yours faithfully,

R. Wright

The Secretary,

LONDON. E.C.
