Private & Confidential.  
Enclosure.

27th April, 1921.

Dear Mr. Boulton,

In further reference to the case of the s.s. "HEWITT", I wrote to Mr. Salmon, the Principal Engineer Surveyor at New York, on the 1st instant, asking him to collect and forward all possible particulars regarding the loss of this vessel, and I have now the pleasure to send herewith, for your confidential information, a copy of a letter which I have this day received from him, from which you will observe that there is some reason to believe that the "HEWITT" was lost as the result of a collision.

Yours sincerely,

Sidney A. Boulton, Esq.,
