71, Fenchurch Street, E.C.

February 8th, 1918.

Dear Sirs,

H.

Reverting to your letter of the 25th October last relative to the Steamer "CARMEN" I shall be glad if you will ascertain and let me know what further arrangements have been made for this vessel's equipment to be placed in order. At the same time I have to point out that under the modified rules for chain cables this vessel only requires at present 210 fathoms of chain cable instead of 240 fathoms. It will therefore only be necessary for 75 fathoms of cable to be supplied, if as stated in your Report No. 5396, there are 135 fathoms on board at the present time.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

COPENHAGEN.
