Special Surveys, when held, must be reported in detail and seriatim in the terms of the Rules. State clearly the nature of Repairs, if any, and, in detail, the nature and extent of Examinations and subsequent repairs. Repairs to amount of Damage (the cause of which must be stated) should be separated from Repairs due to other causes; these latter being detailed in the body of the report, should be summarised in the form shown below. Whenever the Renewal of Anchors or Chains is reported, the particulars should be clearly stated in the space provided on the back of this form. State also the dates and initials of any letters respecting this case. ...

In damage cases where the Surveyor has not made a special damage report he is required to state whether he offered his services for this purpose and why they were declined? ✓ Was a damage report made by anyone else? If so, by whom? ✓

General Observations, Opinion as to Class, Recommendation, &c.:—

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus for example:—"...to remain as now classed in the Register Book *without fresh record of Survey*," "to remain as classed and to have record of survey, 1,11," or "to remain as classed and to have record of survey, 1,11, and the notations of *ss No.* 1–11 and ptND11, &c."

This vessel is eligible in my opinion to remain as classed, with fresh record of survey 10.14.
