General Observations, Opinion as to Class, Recommendation, &c.:-

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon
this survey, thus for example:—"to remain as now classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of
survey, 1,09," or "to remain as classed and to have record of survey, 1,09, and the notations of ss No. 1-09 and pnd09, &c."This vessel being in good and efficient condition is in
my opinion eligible to remain as classed and to have record of
survey 3.11.
