S

Dear Sirs,

I duly received your letter of the 30th ultimo respecting the steamer "TYMERIC", and may say that the Committee have today had before them the report of the inspection recently held on this vessel afloat by the Society's Surveyors at Hull, as a result of which they will be agreeable to the class being maintained until the end of April next, when it will be necessary for arrangements to be made for a further examination to be carried out, with a view to the continuance of her class.

The Boiler Survey has also been held on the present occasion and a notation of BS 10, 40 has been assigned.

I am, Dear Sirs,

Yours faithfully,

Messrs. Andrew Weir & Co.,
"Birklands",
London Road,
ST. ALBANS.
