71, Fenchurch Street, E.C.  
16th October, 1914.

Dear Sirs,

With reference to the classification in the Society's Register Book of the steamer "CRAIGFORTH", I beg to acquaint you that the Committee have today had before them a report from the Society's Surveyor at Constantinople, from which it appears that temporary repairs have been effected on account of damage sustained through the vessel striking a mine, and I shall be obliged if you will kindly let me know when and at what port you propose carrying out permanent repairs.

I take this opportunity to remind you that this vessel's rudder requires to be examined when the steamer is next placed in dry dock.

I am, Dear Sirs,

Yours faithfully,

Secretary.
