Enclosure.

21st August 1916

Dear Sirs,

With reference to my letter of the 18th instant addressed to The Forth Shipbuilding & Engineering Co.Ltd., of which letter a copy was sent to you, regarding the Steel S.S.No.25 now being built by that firm at Alloa, I have to acquaint you that a telephone message has today been received from the Builders' London office stating that the shipyard advise them it will be practicable to take in hand the additions recommended in my letter above referred to regarding the proposed classification of the vessel. It is understood that the Builders will arrange to furnish you with every facility in carrying out the survey, and I have to request that you will be so good as to give the case your prompt attention.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

L E I T H .

Secretary.
