

P.S. Crispin. Sir Raylton Dixon No 12534.

As directed examined spindle to Hand Steering gear and am of opinion that a support is needed and should be fitted as recommended by the Middlebro Surveyors.

Met on board Captain Williams, the Master, and Mr Watson, an assistant to Mr Isaacs the Owners Superintendent, who stated that, as they were in a hurry for the vessel, it was arranged with the Builders to fit the support to the spindle, and a number of minor items, on the vessels return to UK in March next, and produced a list of said items including the one in question.
