15th April, 1908.

Sir,

With reference to Glasgow Report No. 26453 on the new steamer "DRAKE", I shall be obliged if you will ascertain and let me know the tests of the stream chains ; also why the two 2" steel wire hawsers were supplied in lieu of two 2½" wire hawsers which are the equivalent to the two 6" hemp hawsers required by Table 22.

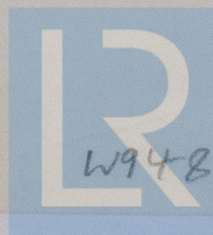

I am, Sir,

Your obedient servant,

Secretary to the
Classification Committee.

The Secretary,

GLASGOW.
