15th February 1908.

Gentlemen,

H With reference to the steel screw steamer No. 213
building by Messrs. R. Craggs & Sons, I am directed to inform
you that the Builders' proposal to supply 270 fathoms of 3"
steel stream wire, instead of 90 fathoms of 4 $\frac{3}{8}$ " steel stream
wire required by the Rules, will be approved, as desired by
the Owners.

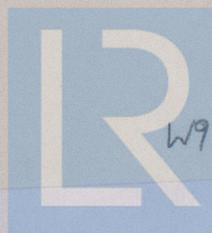

I am, Gentlemen,

Your obedient servant,

pro Secretary.

The Surveyors,

MIDDLESBROUGH.
