The Secretary

Sir.

Feb

In reply to your letter of the 14th instant
respecting the screw shaft of the steamer "Ballochbuie"
I now beg to state that, the owners have informed me
that, arrangements have been made to fit the vessel
with Vickers Patent "Otter" for submarine protection,
and it is intended to dock the vessel for this purpose
at an early date, when the drawing of the screw-
shaft will also receive attention.

I am, Sir,
your obedient servant.

Ridley Forwell.
