14th March 1917.

Dear Sir,

H. With reference to the Survey which became due in September last on the Screw Shaft of the Steamer "BALLOCHEVIE", I have to acquaint you that on the occasion of the vessel being under the inspection of the Society's Surveyors at Sunderland in September the Owners Superintendent stated that the shaft would be drawn in for examination at the next drydocking. I have therefore to request that you will ascertain from the Owners and let me know within what time they expect this will be done.

I am, Dear Sir,

Yours faithfully,

Secretary.

MR R. Fowell,
ABERDEEN.
