Pendennis House,

Lansdowne Road,

FALMOUTH.

13th March, 1919.

The Secretary.

Sir,

After I had surveyed the hulls, machinery and boilers of the steam trawlers "LARK II" "YOKOHAMA" "CASTOR" "MORVIRA" "CYRANO" and "SAURIAN" I had to attend duties at Plymouth, on my return Saturday evening I had to continue a damage survey that I had commenced the one day I was here from Plymouth viz - Thursday, on Monday I had to attend to another damage vessel, also yesterday hence the delay in forwarding the Reports on the "CASTOR" & "YOKOHAMA", who have now gone to Grimsby for re-fit.

The other trawlers are here to refit.

I am, Sir,

Your obedient servant,

(Sgd:) FRANK DAVIS.
