Received from Chief Ship Surveyor

VESSEL'S NAME Steel S.S. Asama Rpt. Off No. 39248

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey

GROUNDING.

This vessel is reported by the Cardiff Surveyor to have been examined as far as practicable afloat ~~and by a Diver~~, after grounding, and so far as could be seen no damage appears to have been sustained. The Surveyor ~~however recommends~~ ^{states} that the vessel is making no water & it is the owners intention to have her examined in dry dock at the first convenient opportunity.

It is submitted

action be deferred & the owners asked to state, as soon as they are in a position to do so, where they propose to have the vessel examined in dry dock.
