Aberdeen, 4th September. 1915.

The Secretary.
Sir.

In reply to your letter of the 1st instant, respecting the case of the steamer "Alastair" and the completion of the Special Survey No 3. I beg to state that, on inquiry from the Owners I was informed that, the 30 fathoms of chain cable had been placed on board at Port Dinorwic. As the vessel is expected to arrive at Aberdeen in about 10 days time, the completion of the equipment will then be verified, and duly reported -

I am Sir,
your obedient servant.

Ridley Howell.
