 16th. March. 1920.

This is to certify that

in continuation of my Report of Survey dated 17/3/20,

Master of the Greek S.S. "ANTONIOS" now informs me that he has some
 re tubes on board: the bulged tubes should be replaced as far as
 sible by these spare tubes.

20 spare plugs will be a sufficient supply.

Erindroy J. Stephens
Engineer Surveyor to Lloyd's Register.

Engineer Surveyor to Lloyd's Register.

1 tube has been removed and replaced by spare tube
1 tube has been plugged
The boiler was finally satisfactorily tested under w
20 spare plugs are made and supplied to the st
