

S. S. No. 281 building by Messrs. Furness, Withy & Co.

The Hartlepool Surveyors state that the stream anchor supplied for this vessel is 24 lbs., light.

It is submitted, in view of the slight deficiency in weight, the anchor might be approved for the figure 1.

C. H. J.
7/6/05

The Surveyors should be informed that in future cases of equipment being submitted for approval, they should give the equipment number and letter.
