MACVEY
REGISTER SURVEYOR

PORT SAID

7th December, 1936.

Dear Sir,

S.

I duly received your letter of the 19th ultimo respecting the steamer "ZAMZAM" from which it is noted that the Owners do not intend to fit the additional stiffening proposed to the tunnel and bulkheads in the deep tank of No.5 hold at present.

In the circumstances you will be in order in issuing a Certificate similar to that given by you, dated 28th January last, provided you are satisfied that the existing structural arrangements have proved satisfactory during the present year under the same conditions.

I am, Dear Sir,

Yours faithfully,

Clerk to the
Classification Committee.

J. Macvey, Esq.,

PORT SAID.
