The Secretary,  
London.

Sir,

With reference to the First Entry Report No 7639 on the hull of the S.S. "Alto" which is forwarded by this post. I beg to state in explanation of the delay in forwarding same that it has been awaiting the completion of the machinery report, there being several items which were to be completed on the vessels arrival at Newcastle.

Under the circumstances however it is not considered advisable to retain the hull report in this Office & it is forwarded alone.

It is understood the machinery report will be forwarded as soon as word is received from the Newcastle Surveyors that the items in question have been satisfactorily completed.

I am Sir,

Your Obedient Servant,  
E. Ottendall
