

Twin Screw Motorship "BRALANTA".

COPY.

Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

The hull of the motorship "BRALANTA" by the
Messrs. S.B. & Co. Ltd. of London, was
at Dundee, tested on the 18th July, and
listed on board.
The work was completed on the 18th July, and
the main and auxiliary engines tested on
7th August, 1931.

Dear Sirs,

In reply to your letter of the 30th ultimo
respecting the request which has been made by the Owner
of the new motorship "BRALANTA" for the periodical surveys
to be reckoned from the date when the vessel is again
placed in commission, I have to say that in the circumstances
of this case, seeing that the vessel is now laid up, the
Committee will be agreeable to meeting the Owners' wishes
in the matter, but it must be understood that this approval
is subject to the vessel being examined in drydock before
she proceeds to sea, as provided for in the first paragraph
on Page 11 of the Society's Rules.

I shall be glad if you will inform the Owners
accordingly.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

OSLO.

pro Secretary.
