71, Fenchurch Street, E.C. 3.

15th May, 1931.

Dear Sirs,

I have to acquaint you that the M.V. "BRALANTA",  
Messrs. Caledon Shipbuilding & Engineering Co's Yard No.336,  
has left Dundee for your port to have the machinery installed.

To complete the special survey the following remains  
to be done:- Casings over machinery spaces to be closed.  
Ceiling and sparring in forward hold to fit. Vessel to dock  
for cleaning and painting, etc. Bilge suction, steering  
gears, anchors, windlass to be tested under working conditions.

I shall therefore be glad if you will give the case  
the necessary attention, and forward a report on Form 8 when  
the survey has been completed.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,  
GOTHENBURG.

Secretary.
