Botanicuslaan No. 23,

Haren-Groningen, the 31st. of March, 1938

RECEIVED
LLOYD'S REGISTER OF SHIPPING
LONDON
31 MAR 1938

Dear Sir,

Referring to your letter of the 11th. inst. regarding pumping arrangements of Yard No. 161/162 building by Messrs. Scheepswerf "GIDEON" J. Koster Hzn. I am sorry to say that the information from the builders about the capacity of the main engine driven bilge pump is not correct as mentioned in my letter of the 4th. inst.

The capacity of the main engine driven bilge pump is 10 Tons per hour. The diameter of the pump is 100 mm. stroke 85 mm. and revolutions 300 per minute.

In connection herewith I shall be pleased to hear ^{if} whether the additional pump of about 10 Tons per hour is still required.

I am, Dear Sir,

The Secretary,

LONDON.

Yours faithfully,

L. H. Wehrmeyer
