CHARACTER: * for Special Survey, Date of last Survey and of Periodical Surveys.
Machinery and Boiler Surveys (including date of N.B., if any).
Class contemplated

Medical Surveys, when held, must be reported in detail and seriatim in the terms of the Rules. State clearly the nature and extent of Examinations and subsequent repairs. Repairs besides being detailed in the body of the report, should be summarised in the form shown below. Whenever the thickness of the floors, framing, and of the inner bottom plating, especially in the boiler space, is examined. Also state the amount of deterioration (if any) found in the thicknesses of the floors, framing, and of the inner bottom plating, especially in the boiler space.
Previous Report, No. Port
Society's Freeboard (if assigned) as painted on Ship and now verified ft. ins.

Was a damage report made by anyone else? If so, by whom?
If a damage report was made by anyone else, the Surveyor has not made a special damage report he is required to state whether he offered his services for this purpose and to whom and why they were declined?

REPAIRS, OR EXAMINATION AS PER RULE, FOR Condition & part Classification.
Now done: - Rettel placed on Pontoon, bottom & Rudder cleaned examined and recoated. At the request of the owners the shell plating was drilled to ascertain the thickness. At the time was limited only under water particulars were taken.
