"FAMAGUSTA"

CONFIDENTIAL.

Mr. Stanley Pitts, Solicitor to the Ministry of Transport, while conversing on other matters, stated that the enquiry into the loss of the above ship would take place shortly. He was kind enough to hint that in the case of this ship it might be advisable for the Society to have legal representation at the enquiry, as, confidentially, there might be some investigation into the condition of the ship, and into her suitability for making the voyage across the Bay of Biscay even though considered satisfactory for service in the Mediterranean.

12th April, 1948.
