25th February, 1919.

Dear Sirs,

I am in receipt of Mr. McIlvenna's letter of the 22nd instant forwarding an outline Profile and Deck plan showing extent of erections now proposed to be fitted in the S.S. No. 445 "B" Type Standard Vessel building by Messrs. Workman, Clark & Co. Ltd., and with regard thereto, and to his letter of the 3rd instant, I am directed to state that in view of the fact that the new Equipment number (namely 34996) with the erections lengthened as proposed is so much greater than the Rule grade equipment number (namely 34800), it is considered that you should forward proposals either for supplying anchors and chain cables as required by the higher grade number, or equivalent thereto.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

BELFAST.

Yours faithfully,

I am, Dear Sir,

required by the higher Grade number, or equivalent  
proposals either for supplying anchors and chain cables or  
(namely 24000), it is considered that you should forward  
in so much greater than the Rule Grade equipment number  
(namely 21000) with the quantities indicated in proposed  
in view of the fact that the new equipment number  
in letter of the 3rd instant, I am directed to state that  
notwithstanding the fact that the quantities indicated in proposed  
S.S. No. 400 in type equipment number building by Messrs.  
concerning extent of specifications now proposed to be fitted in the  
and highest standards on which Phillips and Mack plan  
I am in receipt of Mr. Hollivens's letter of the  
Dear Sir,

*Wm*
