Sir,

I enclose herewith a letter received from Messrs. Workman, Clark & Co. respecting the equipment of Anchors and Cables of their No. 445, "B" Type, Standard Vessel. To meet the Owners requirements it is proposed to lengthen the erections, which brings the equipment number into a higher grade. The approved guidance plans of the vessel are at present in the London Office attached to the 1st Entry Report of the S.S. "WAR BEETLE".

I am, Sir,

Your obedient servant,

J. M. Blum
