7, Anglesea St.,
Dublin.

TO: Secretary,
Hammond Lane Metal Co. Ltd.,

Dear Sir,

re. s.s. Muirchu.

With further reference to this matter the Insurance Company's Assessor says that in the Master's deposition he mentioned the Vessel's plating was probably cracked and was the cause of the accident. The Assessor now wants some evidence of the thickness of the plating and for that reason he would be very much obliged if you could obtain from Lloyds a copy of the last Trial Test of the shell plating.

Yours faithfully,

MAURICE H. STOKES.

Director.
