General Remarks—Statement and Date of Repairs.

The frame of this vessel is well wrought & perfectly sound all through, & quite free from Saps. The planking is of the best quality, & well wrought in parts, & quite clear from Saps or defects, & remarkably shifted all through. This vessel is about 9 months building & has been surveyed by me in three stages of her building & is as faithfull a built vessel as ever was built in this port as she has been built solely for her own use & to suit this Port.

If Sheathed, Doubled, Felted, or Coppered neither When last done _____

I am of opinion this Vessel should be Classed Eight years old
