

# Dock Yard,

Wexford 19<sup>th</sup> May 1866

Sec B Seyfang Esq

Sir

Absence from home prevented my seeing Capt Devereux relative to Classification of the "Lily" but yesterday sent forward his report which I hope you will find satisfactory. The fees and charge of Certificate were paid Capt Devereux at his final inspection when the vessel was ready for sea (not being then aware of his discontinuance from your service) should you however still require its payment to you. I beg to refer you to Messrs Smyth Sundtius & Co 17 Grace Church Street who will be instructed to hand you the amount.

WEX1031-0226

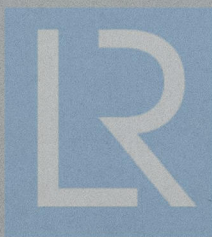

I may mention that your surveyors for Cork

Mr George Wright, saw this vessel before she  
closed in and highly approved of the work-  
- ship and quality of the materials for the class  
applied for.

I would wish to be informed who I am to  
apply to as local Inspector, as I am build-  
a vessel of about 500 Tons measurement  
and now ready for first survey

I remain Your Obedt Servt  
John W. Duncanson
