Report

Wex

No.

639

The remarks of the Chief Surveyor are desired on this Case for the consideration of the Classing Committee.

This vessel has been submitted to the requirements of the Rules Section 60, Second Rule, and reported to be in good and efficient condition, it is submitted that she appears worthy the favourable consideration of the Committee to be Classed A — in Red for 5 years from 1891, as recommended being 2/3 of the class which the vessel would have been entitled to originally, from the timber used in her construction.

It is submitted that to entitle the vessel to the Signal.

the Anchors & Chains should be duly tested as required by Table 22 and the particulars of the tests given in the report.

A — in Red
